Phn 800-899-5018 / 732-938-6333
Fax 732-938-6377

Style Number: 1017F
Service: Door & Groove Packing
Product Type : Braided Packing

Description:

Braided from high purity fiberglass, style 1017F is an ideal choice for most high temperature insulating and sealing applications. Thermally and dimensionally stable, 1017F packing is also non-staining and non-contaminating, with excellent heat dissipation and chemical resistance.
